

*Can you access
digital information
when you take
public transport?*

PROGRESSIVE

Yes, you should.

Support the development of this new European Standard adopting a Universal Design Approach, as well as other relevant standards that support accessibility and ageing well.

www.progressivestandards.org

This Project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under Grant Agreement no. 727802

Yes, you should. A **standard** has been proposed at the European level to ensure the accessibility of customer communications in transport passenger services.
